The term “none” or “no significant change” is used in the following notes to indicate that the Company does not have any items requiring disclosure under the respective note.

B. Use of estimates in the preparation of the financial statements

The preparation of financial statements in conformity with NAIC SAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

C. Accounting policy

Premiums are earned over the terms of the related insurance policies and reinsurance contracts. Unearned premium reserves are established to cover the unexpired portion of premiums written. Such reserves are computed by pro rata methods for direct business and are based on internal reports. Unearned premiums for Death, Disability, and Retirement premiums are determined actuarially.

Expenses in connection with acquiring new business, including acquisition costs, are deferred and recognized as the related premiums are earned in accordance with NAIC SAP. Expenses incurred are reduced for ceding allowances received or receivable. Any excess ceding commission income over acquisition costs is deferred and recognized over the policy term.

In addition, the Company also uses the following accounting policies:

- (1) Short-term investments are securities with an original maturity greater than three months but less than one year. Short-term investments are reported at amortized cost. Cash and cash equivalents includes all short-term, highly liquid investments that are readily convertible to cash and were acquired with an original maturity of three months or less.
- (2) Bonds not backed by loans are reported at amortized cost or at the lower of amortized cost or fair value, if rated NAIC 3 or below, in accordance with SSAP No. 26 - Bonds, Excluding Loan-Backed and Structured Securities. Premiums and discounts on bonds are amortized or accreted, respectively, over the life of the related debt security as an adjustment to yield using the scientific method. Interest income is recognized when it is earned. Additionally, per SSAP No. 26R, SVO-Identified investments are reported at fair value.
- (3) The Company has no investment in common stocks.
- (4) The Company has no investment in preferred stocks.
- (5) The Company has no investment in mortgage loans.
- (6) Loan-backed securities are reported at amortized cost provided that the SVO's designation is 1 or 2. If the SVO's designation is 3 or greater, the security is reported at the lower of amortized cost or fair value. The Company uses the prospective method to make valuation adjustments when necessary.

NOTES TO FINANCIAL STATEMENTS

- (7) The Company has no subsidiaries.
- (8) The Company has no investments in joint ventures, partnerships, or limited liability companies.
- (9) The Company has no investment in derivatives.
- (10) The Company anticipates investment income as a factor in the premium deficiency calculation, in accordance with SSAP No. 53, Property-Casualty Contracts - Premiums.
- (11) Unpaid losses and loss adjustment expenses include an amount determined from individual case estimates and loss reports and an actuarially determined amount, based on past experience, for losses incurred but not reported and development on reported claims. Such liabilities are based on assumptions and estimates and while management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liability are continually reviewed and any adjustments are reflected in the period determined.
- (12) The Company has not modified its capitalization policy from the prior period.
